We Proud To Be An Awards Winning Construction Company

Our Vision

It is our core philosophy to provide a quality product to our customers in a cost-effective and professional manner. We recognize our clients' needs for quality and competitive pricing to make their projects both financially viable and an achievement they can be proud of. We strive to bring value add to all of our projects.

About Us

The corporate team and ownership is comprised of decades of education, experience, hard work, and dedication to the construction trades. The ownership is a composition of converging backgrounds including 25 years of General Contracting experience complimented with 40+ years of direct Concrete trades workmanship at both union and non-union concrete construction in the field.

Our Skills and Competitive Edge

- RNR Concrete Inc provides forming, rebar, cabling and place and finish for concrete slabs, PT slabs, structural walls, retaining walls and podium work for projects large and small.

- RNR Concrete Inc has in-house crews and equipment as well as direct access to large finishing crews to be able to mobilize quickly on large pours.

- RNR Concrete Inc has a symbiotic relationship with one of the largest concrete companies in the state to help provide engineering submittals, P. T. Cabling, cold steel, place and finishing crews to help RNR Concrete Inc create a competitive advantage both in price and access to procure materials in a very tight market to avoid project delays.

- RNR Concrete Inc performs both market rate and prevailing wage projects and continues to remain price competitive in both markets.
