"THE SECRET OF GETTING AHEAD IS  
GETTING STARTED"

— Mark Twain

## Meet Our Team

### Dr. Francisco Ripepi

Dr. Ripepi is a Board-Certified diplomate of the American Board of Psychiatry & Neurology. He holds board certifications in Adult Psychiatry, Child & Adolescent Psychiatry. Personable, warm, and genuine, Dr. Ripepi believes in the importance of working collaboratively with patients and their families in developing treatments plans and strategies for moving forward. He uses his expertise in psychopharmacology to prescribe medication when warranted. His special areas of interest: ADHD, Mood Disorder, OCD, Anxiety Disorder, Autism Spectrum Disorders, and Intellectual Disability.

## Where listen come first

We are committed to provide you personalized, compassionate and collaborative care to meet your mental health needs. Our mission is to provide the highest level of mental health care that would want for our own family members.

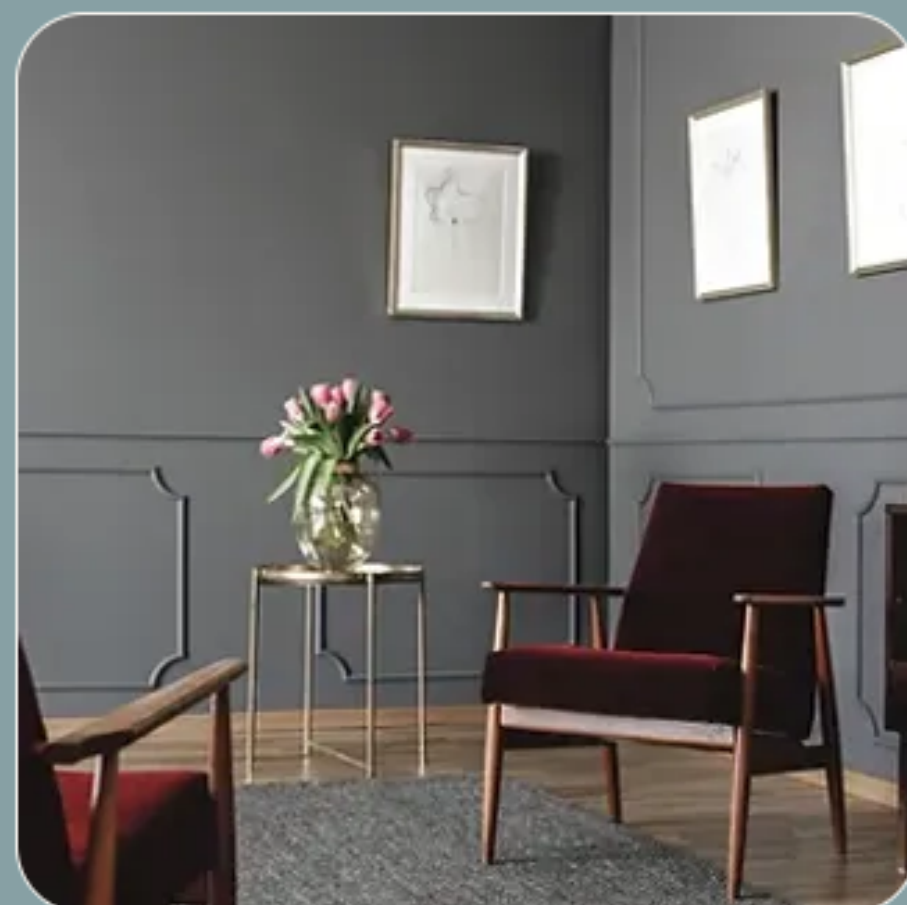

## Our Services

### Initial Phone Consultation

For potential new patients we offer a free phone consultation to discuss your needs and determine if the practice is a good fit

### Comprehensive Psychiatric Evaluation

Your doctor will explore the concerns that bring you to treatment and review in detail your history of prior treatments including medications and psychotherapy that will assist in developing an individualized treatment plan.

### Medication Management

Session focused on discussing or optimizing medications so that you feel your very best. Our approach is based on the latest evidence-based practices and guidelines to ensure the best possible outcomes for our patients.
