Welcome to Peccioli Paint & Palate

Peccioli, paint and palate.....the inspiration of our 28-year-old daughter; to create a place where people can come together to paint, draw, colour and relax under the Tuscan sun.

Whether it's to create your own Tuscan landscape, release your stress through mindfulness colouring, or simply paint onto the pre-drawn canvases we provide, Peccioli paint and palate offer you a tranquil spot for a memorable journey of relaxation, creativity, and local culinary snacks amidst the enchanting rolling hills of Tuscany. You can be an experienced artist, or a novice, our 3 hour experience lends itself to all skill levels. This isn't somewhere to come for a lesson!

Indulge yourself in the beauty of the Tuscan countryside at our property in the wonderful town of Peccioli. Famous for its art and culture, awarded the Orange Flag by the Italian Touring Club, for landscape, conservation, hospitality and the enhancement of cultural heritage. What better place to offer a delightful blend of artistic expression, mindfulness and wine tasting, all set against the stunning backdrop of the vineyards and local landscapes. Arguably the best panoramic view of the town of Peccioli.

As you immerse yourself into the experience, you can savour the flavours of our curated selection of local Tuscan wines, accompanied with an array of local cheeses, meats and breads and our own homegrown olive oil, sourced from our olive groves here on the property.

So, why not come and visit us, let us help you relax and unwind at an unforgettable experience in our enchanting surroundings.

About Us

Both born in the UK, Branton is an exterior lighting designer/installer and I work in family law. We have been visiting Peccioli for many years, living in the historical centre, overlooking the stunning Le Serre landscape every day, amongst the contemporary art, famous giganti statues, and prehistoric park!

We moved, full time, to our property here a few years ago and realised it had the potential to provide a space for tranquility, creativity, and fun.

So now, we've decided not just to keep it to ourselves, but to share it with you all.

We look forward to welcoming you with us very soon to enjoy everything the space has to offer you.

"Designing your own masterpiece develops your creativity, supports your emotional wellbeing, relieves stress and aids the practice of mindfulness"
