Residential**

Introduction

Portside Property Management is a full service property management firm offering hospitality focused service with next generation reporting and data analysis.

Service Excellence

The foundation of PPM is to offer the highest level of service to landlords, tenants, and vendors alike to ensure that the property delivers the highest value to all stakeholders.

Maintenance

The success of a property is rooted in a strong maintenance plan that controls expenses and creates cost effective ways to help increase the bottom line. PPM is committed to delivering the best maintenance recommendations regardless of where the property is in its lifecycle.

Financial Reporting

Your monthly reports should serve as a critical roadmap for where your property is and needs to go. PPM is committed to creating meaningful reporting that helps landlords make the best value oriented decisions for their property.

Experience

PPM is led by Cliff Perez who has been involved in retail, office, industrial, and life science projects and has helped create tailored experiences for his clients and tenants for the last 10+ years. Cliff's people first style has been the central focus for all of his projects.

Experience the people first initiative in property management.
